

Hello, this is
**Home Assistant
Green**

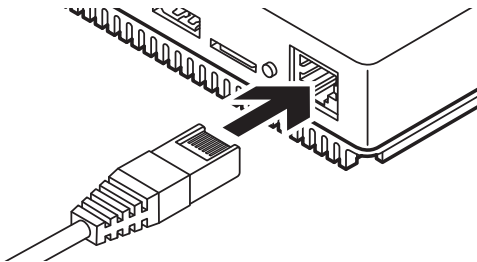

For more information getting started,
visit green.home-assistant.io

Thanks for supporting the
Home Assistant project!

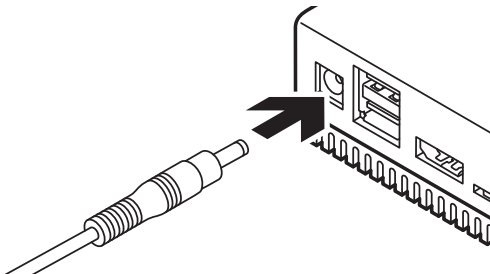

1

Connect the Ethernet cable from Home Assistant Green to your local home network router or switch.

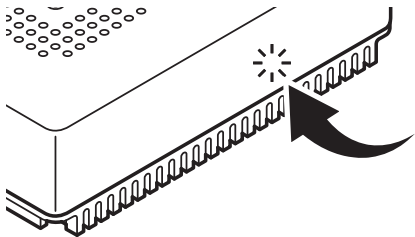

2

Plug the power supply cable into Home Assistant Green and connect it to a power outlet.

3

Wait for a few minutes until the yellow light starts blinking regularly.

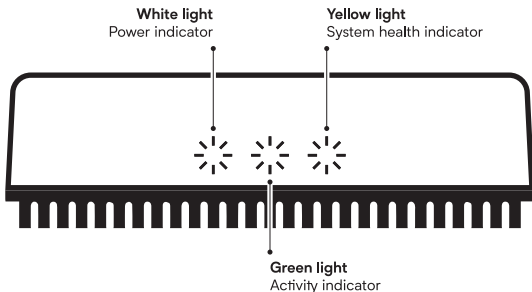

4

Download the Home Assistant app on your tablet or phone, or open <http://homeassistant.local:8123> in your browser.
